### Description of the operation

#### WARNING

When removing parts for replacement, check the part number written on the label on the power assisted steering pump body.

- Replace:
  - the accessories belt,
  - the adjustable tensioner,
  - the air conditioning compressor mounting,
  - the air conditioning compressor,
  - the power assisted steering pump if the part number is different to **82 00 234 212**.

#### WARNING

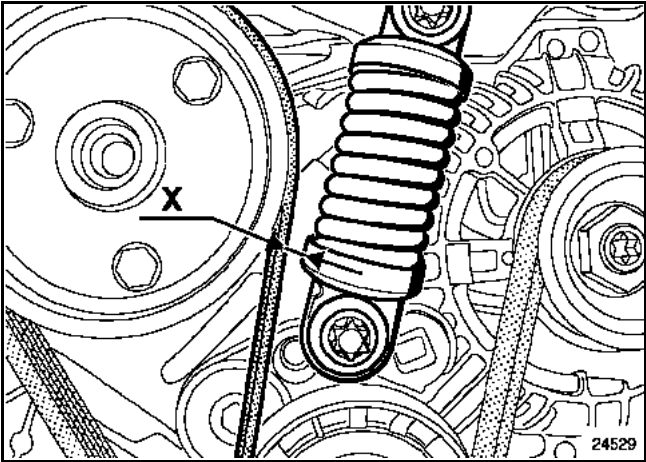

Follow the instructions in Technical Note 3286A when fitting and Technical Note 3328A when adjusting.

- Use a set of feeler gauges to measure gap (X) between the accessories belt and the adjustable tensioner body.

#### WARNING

Gap (X) between the accessories belt and the adjustable tensioner body **MUST** be at least **3 mm**. If gap (X) is smaller than **3 mm**: fit a new accessories belt and check again.

- Perform a basic road test.

X – Gap value at least **3 mm**

### CLAIM COMPLETION AND CODING

#### When to take action

- Upon receipt of a customer complaint.

#### Parts required

| Quantity and description of parts |                                      | Part No.             |
