Modifications: Additional information.*

## 35 APPROVED TYRES FOR 2001 MODELS

- Engine: **XXX**
- Gearbox: **XXX**

### TABLE OF APPROVED TYRES FOR 2001 MODELS SEE OVER

- Reminder of fitting instructions:
  - \* If the tyre has a **Red Dot** on the flank, fit the tyre with this to the outside.
  - \* If the tyre does not have a **Red Dot**, fit the tyre with the **DOT** marker to the outside.
- We would like to remind you that it is **VITAL** to check the tyre pressure when preparing new vehicles. In fact, the tyres are overinflated to between **2.5** and **3 bar** in the factory.

"The repair methods given by the manufacturer in this document are based on the technical specifications current when it was prepared.

The methods may be modified as a result of changes introduced by the manufacturer in the production of the various component units and accessories from which his vehicles are constructed."
